4G telephony

High-performance battery for long work shifts

Amplified loudspeaker

IS120.2

The powerful and extremely robust mobile phone with the main functions of telephony and messaging (SMS). The device impresses with its non-slip surface structure and can also be used in noisy industrial environments thanks to the Smart PA speaker technology and effective noise-cancelling. Thanks to the high-performance, replaceable battery, it can also be used for long multi-shift operation.
