

PRODUCT INFORMATION

Perfect for securing and carrying: The i.safe MOBILE lanyard set

A safe and simple solution to keep devices secure in your hand or around your neck. This 3-piece lanyard set is compatible with various i.safe MOBILE devices.

The set consists of the system adapter as well as the tear-resistant, length-adjustable lanyard and the hand strap. The hand strap and the lanyard can be easily detached from the system adapter and reattached by means of a pressure lock. The antistatic strap prevents the danger of electrostatic discharge and ignition of the explosive atmosphere. In addition, the lanyard is equipped with a safety lock at the neck, which opens as soon as it is pulled.

The lanyard set is compatible with the following device series: IS320.x, IS330.x, IS530.x, IS930.x, IS725.x, IS-MP and IS-RSM1.1. Furthermore, the lanyard can be attached to the D-ring of the leather case and is therefore additionally usable for the device models of the IS520 series and IS655 series.
